

[Pilots for Christ](#)

Enterprise, AL ·

This just makes my heart smile!! This precious little pistol ball, 3 year old, Mascen was flown by Pilots for Christ a couple of months ago to Boston for his third heart surgery. His mom, Alexandra brought him by to see us today in Enterprise. He stole the show!! Waved hey to everyone, took my microphone, and was in a room full of grandmas that he loved giving hugs to!! Praise God, he is doing great and is a bundle of energy!!
